has successfully completed the online Specialization

Intermediate to Advanced: Professional Figma UI / UX Design

This Specialization, taught by Daniel Scott, is intended for intermediate to advanced UX/UI designers seeking to deepen their Figma expertise. Through four comprehensive courses, you'll cover responsive layouts, prototyping, advanced visuals, design systems, and developer handoff workflows. By the end, you'll be able to create scalable, interactive, and production-ready designs using the latest professional techniques in Figma.
